PROGRAM FOR MARCH

Our demo artist will be local artist **Stan Robbins.**

His demo will be in oil. He will be painting a new painting of Rocky Point based

on a prior Rocky Point painting to see if cropping the composition will make it more interesting. It is a test to see if painting 'an often painted location' can be improved and made to look fresh and interesting.

Stan grew up seeing the back lots and sound stages of the Southern California movie studios. There he saw the real transporting effect of impressionist paintings; up close they were abstract brush strokes, at a distance they were convincing landscapes.

Stan works the same way, never hiding brushwork yet taking delight in the overall effect of the painting. Labeled "Mr. Wave" after a show in Carmel of 52 seascapes, he paints landscapes as well. Stan especially enjoys painting landscapes of mountain and red-rock desert areas from Montana, Wyoming, Utah and California.

Our showcase artist will be **Toni Kimple.** Toni works mostly with watercolor and oil... and she paints all subjects.
